

DARK HORSE IN BOARD ELECTION

Friends of Dr. Rich Rally to Support When Rumor Crops Up

Supporters of Dr. Edward I. Rich, who is seeking re-election on the Ogden City school board are working hard for his success at the election, which takes place on December 1. It is rumored that a dark horse will be placed in nomination before election day and this fact has caused Dr. Rich's friends to rally to his support.

There will be but one ward in the city where the election will be held this year. This is the fourth ward, which consists of the territory south of Washington avenue, on the south, Ogden river on north and east to the mountains.

Considerable interest is being manifested in the school board election in Weber county, where two candidates are to be elected from the second and fourth districts. The candidates from the second district are John D. Hooper, of Hooper, and T. R. Jones, of Kanab, Kanab. In the fourth district, the candidates are A. W. Marriott and Joseph Sken.

Hooper, Roy, Kanab, Taylor and West Weber are in the second district and the fourth district includes Plain City, Warren, West Warren, Farr West and Saltville.

Taxes Delinquent On Next Tuesday

Next Tuesday noon at 12 o'clock all taxes will become delinquent and those who are not on hand with their payments by this time are liable to additional expense and trouble according to David Evans county treasurer. Mr. Evans urges that persons who appear before the closing hour bring their additional tax receipts with them in order to avoid waiting while duplicates are made in the office. Failure of persons to bring their additional notices with them has resulted in the necessity for clerks to make out 1500 extra blanks while taxpayers waited. Mr. Evans said.

Ogden Stake Teachers To Hold Convention

Teachers of the Ogden stake of the L. D. S. church will hold convention this afternoon in the Weber Normal college at 2:30 o'clock. High Priest meeting will be held at 1 o'clock. The Ogden stake quarterly conference will be held this morning with a session in the Weber auditorium at 10 o'clock. The second session will be held in the Sixth ward meeting house at 2 o'clock this afternoon. Representatives of the general board will be in attendance.

RICHARDS WINS A STOCK SHOWS

Northwest Will Send Many Exhibits to Ogden Show, Sentiment Indicates

Jesse S. Richards, manager of the Richards Livestock company, of Virginia, Idaho, a former resident of this city, and a son of C. C. Richards, was here last evening having just returned from a three months' tour of the fairs and stock shows of the northwest. He has been exhibiting their famous herd of big type Duroc Jersey hogs at the Montana, Idaho and Utah state fairs, the Southeastern Idaho fair at Blackfoot, Idaho, the Western Royal Livestock show at Spokane, Wash., the Northwestern livestock show at Lewiston, Idaho, and the Pacific International livestock show at Portland, Oregon. This is the herd that made such a splendid showing at the recent Utah state fair. Of 282 prizes won by the Richards' hogs at these fairs, and stock shows, 115 were champion and first prizes. This is held one of the best, if not the best, record ever made by a herd of hogs in one season in the United States.

WINS AT PORTLAND

The Pacific International Livestock show, held two weeks ago at Portland, Ore., was the second largest livestock show held in America, ranking next to the great International livestock show held annually in December at the Union stock yards at Chicago. The Pacific International is to the great intermountain and Pacific coast country what the great International livestock show at Chicago is to the east and middle west. At the recent Portland show, the Richards' hogs captured fourteen out of twenty champion and first prize competitors.

Mr. Richards is prominently identified with the swine industry of the Pacific coast. He is not only a breeder of pure-bred hogs, but is a director of the Western Royal Livestock show, held at Spokane, the Northwest livestock show held at Lewiston, Idaho, the Idaho state fair held at Boise, and also of the Ogden livestock show to be held here next January.

FAVORABLE SENTIMENT

Mr. Richards is planning on bringing his herd of big type Duroc Jersey hogs to exhibit them at the coming Ogden livestock show. While exhibiting his hogs at the above shows, he talked with exhibitors concerning their participation in the coming Ogden stock show, and has been assured that a great many herds will be placed on exhibition at the show here. Breeders of the northwest realize that the Ogden stock show is to take its place among the leading shows of the country and are anxious to exhibit here, he said.

POSSIBLE EXHIBITORS

Among those contemplating exhibiting here are the Butterfield Livestock company, of Weiser, Idaho, with their famous exhibit of Rambouillet and Hampshire sheep; John H. Seely & Sons, of Mt. Pleasant, Utah, with their prize-winning herd of Shorthorn cattle; Hugh Walker of Townsend, Mont., with his champion herd of big type Poland China hogs; Ashland Farms, Pleasant Grove, Utah, with their prize-winning Berkshire hogs; C. S. Vartan, Victor, Idaho, with his Shorthorn cattle; W. B. Ruffalo, Blanding, Idaho, with his noted big type Duroc Jersey hogs; Ray Durant & Sons, Rupert, Idaho, with his prize-winning Hampshire sheep; Herbert Chandler of Baker City, Ore., with his prize-winning Hereford cattle. Mr. Richards is also trying to induce Cook & Sons of Townsend, Idaho, to exhibit their famous herd of Hereford cattle here. The Cook herd is nationally known as one of the best, if not the best, herd of registered Hereford cattle in the United States today.

INCLUDES ONLY A PORTION

The above includes only a portion of the growers, planning on exhibiting here and Mr. Richards expects as good many more breeders, with whom he talked to, decide to come to Ogden, and compete for the handsome prizes and cups offered by the stock show.

Mr. Richards will be superintendent of the swine department of the Ogden show.

Favor McKay to Head Irrigation District

Weber County Farm Bureau endorsed D. D. McKay to succeed himself as supervisor of the local irrigation district, at a meeting held yesterday afternoon by the board of directors. It was decided at a meeting of the board, held Saturday, November 20, that the land owners of Ogden Valley be requested to recommend to the voters of the district in the lower part of the county a man or men to be voted upon for supervisor of the district at the election to be held December 7. It was felt that as much as the district law does not provide any method for nominations and since the supervisor to be elected must come from Division 3, (Ogden Valley), the Valley land owners should make known their wishes. Representatives of Eden, Liberty and Huntville all reported that, at meetings held during the week, Mr. McKay had been selected as the man whom they desired to see elected.

Upon hearing the report from the Valley section, the directors of the bureau went on record as favoring the election of Mr. McKay, since it was the choice of the people which he will represent.

The election will be held on December 7, voting places will be at Farr West amusement hall, for Division 1, residence of T. D. Jones, at Kanab, for Division 2, and amusement hall at Eden, for Division 3. All land owners who have had water allotted to their land will be allowed to vote.

Dr. Robinson Returns, London Trip Halted

Dr. A. A. Robinson is home, after taking special work in medicine at the Rockefeller institute in New York and at Philadelphia. When the physician left Ogden, he planned to study in London, but after purchasing a steamship ticket, the sailing was delayed by reason of the English coal strike.

Meanwhile he found that he could get the work he wanted in New York, so he cancelled his reservation. While in Philadelphia, Dr. Robinson gave an address before the Philadelphia academy of medicine on the subject of the pineal gland.

HAD SUITS OF CLOTHES ON COVINGTON, Ky.—When James Johnson, 16, was asked to take off a suit, which another boy claimed, he surprised local police by removing five suits. No one claimed the other four.

INTEREST GROWS IN GIRL SCOUTS

National Officer to Visit in Ogden Sometime in February

With Miss Buelah Brown as executive head, the Girl Scouts organization in this city is ably supported by leading men and women of the community, has made remarkable advancement. In February, the organization will be visited by a national officer from New York headquarters. Miss Brown reports that today there are twenty-five troops meeting in this city. Each troop is meeting once a week under the leadership of an able captain. There are, however, opening for more leaders. Captains are needed to head the troops at the Dee and Pines schools.

DRILL DURING WEEK

The girls are at present studying and being drilled in the requirements needed for the passing of the tenderfoot test, and on Tuesday and Friday evenings of each week in the well-equipped basement rooms of the David Eccles home at 2580 Jefferson avenue, the captains are meeting to perfect themselves in their duties of leadership.

A captain must be at least 21 years of age, and naturally gifted as a girl's leader. Miss Brown will be glad to hear from any young women, who wish to help in the further advancement of this work in Ogden.

Every school in the city school system has been enrolled. The state industrial school and the School for the Deaf and Blind have outstanding units.

WHAT GIRL SCOUTS ARE

Following are a few points concerning the Girl Scout organization:

All scouts are organized in the same way and all are enrolled with the National Girl Scout organization. Patrol—Eight girls form a patrol which is the working unit of the organization. Each patrol has a patrol leader, who has charge of the activities for a month or a period of time the patrol may designate. The patrol leader has immediate responsibilities for the activities of the eight. It is desirable to have each girl of a patrol serve as a leader at some time or other.

Troop—One or more patrols constitute a troop which is the administrative unit recognized by the National organization.

Captain—The troop is under the direction of a captain, who must be at least 21 years of age and whose qualification as a leader of young girls is passed upon by National Headquarters before she is commissioned.

Lieutenant—A captain may have one or more lieutenants. The lieutenant must be at least 18 years of age. Her commission is likewise subject to control by National Headquarters.

Captains and lieutenants may be organized into associations in any given locality.

Scout classes—There are three classes of Girl Scouts, the youngest being the "tenderfoot," the name given by frontiersmen to the man from the city who is not hardened to the rough life out of doors. Even the highest, however, has to know some things, including the compass, laws, slogan, and motto, how to salute, and the respect due to the flag, and making some useful knots.

The "second class" scout has been a tenderfoot for at least one month, and can pass a test of distinctly greater difficulty, including a good deal about cooking and housekeeping, animals, birds, flowers and trees, some important first aid things, and the laws of health.

The highest "first class" scout and is to be attained only by a young person of considerable accomplishment. She must be able to find her way about city or country without the usual aids, using only the compass and her developed judgment of distance and direction. She must also be able to communicate and receive messages in two ways, by signaling in semaphore and the general service code, which is the code used for telegraphing and wireless, and which can be used in actual emergencies. She must also have shown proficiency in housework, child care, and housekeeping, and in addition, in either laundering, cooking, needlework, or gardening. She must also be an all-around out doors person, familiar with camping and able to swim. Not only must she know all these different things, but she must also have trained her tenderfoot, and served her community.

McKAY GOING ON MISSIONS TOUR

Ogden Apostle May Encircle Globe on Visit to Church Branches

Apostle David O. McKay will leave here next week to start out on his missionary tour to which he has been appointed by the presidency of the church. He will be accompanied by Hugh Cannon, who has also been appointed to make the pilgrimage.

The first part of the journey will take from four to six months and will embrace more than a 15,000-mile ocean voyage, under an itinerary worked out by the two travelers with the church transportation agent, William C. Spence.

All the missions of the Pacific will be visited, the first being in Japan where the trip will be made in eleven days on one of the large Japanese fast mail steamers. They will then sail for the Hawaiian Islands, visiting Honolulu, Laie and other towns of interest to the church. The next stop will be at Samoa islands, and then the travelers will in turn visit the Tongan islands, Tahiti, New Zealand and Australia. It is also possible that the trip may be extended to South Africa.

While on the trip the two church men will make a study of the customs and needs of the people in general in addition to making a study of conditions in the L. D. S. colonies with regard to physical needs, missionaries, meeting places and spiritual affairs.

ARRANGE MUSIC SERVICE TODAY

First of Series of Musical Afternoons at Tabernacle This Afternoon

The first of a series of musical afternoons in the tabernacle to foster an interest in music of the better kind and to emphasize its value as an asset to the church, will be given in the tabernacle today at 2 p. m.

Annie Melvin R. Ballard will be present and disclose on the theme, "The Mission of Music." The important event will be the rendition of John Hyatt Brewer's sacred cantata, "The Holy Night," to be given at a Christmas service on the Sunday preceding Christmas, December 13, in the tabernacle.

For the service today Director Joseph Ballantyne has arranged the following program:

- Organ prelude, Sam F. Whitaker.
- "Breathe the Wave Christian" (Shelley) J. Ballantyne, Walter Stephens and choir.
- "Fear Not O Israel" (Nephi) B. Brown, Myrtle Higley and choir.
- Contralto solo, "The Publican," Miss Mildred Ware.
- Violin solo (selected), Miss Mary Fisher.
- "O Lord I Come" (Parker), Mildred Ware and choir with violin obbligato by Mary Fisher.
- "The Ninety and Nine" Mildred Ware, Myrtle Higley and choir.
- "Earth and Heaven" choir.

The U. S. marine corps was established by an act of congress in 1795.

PEOPLE'S SUGAR HAS GOOD YEAR

Farmers of Sanpete Paid More Than Half Million Dollars For Beets

A good record has been made by the People's Sugar company of Moroni, Sanpete county, during the year according to President George E. Browning. The beets are all dug and the campaign for the season will close at the end of the year.

The people of Sanpete county are beginning to realize what a benefit a sugar factory in the county means. The prospects for next year are good, the farmers in the district realizing that the beets are the only crop they can bank upon.

This is the third season the factory has been in operation. By the end of the present season the farmers will have received \$500,000 for their beets and labor at the factory. President Browning states that the farmers in the district rush the harvesting of their various crops and after getting the

crops in they work in the sugar factory. By this means they make good money and have no trouble in meeting their obligations.

The factory at Moroni is said to be one of the finest in the United States. It is fully electrically equipped and generates its own electricity. This fact assures cleanliness in every detail and a neat appearance because of the absence of cumbersome machinery and heating used under the old system.

The officers of the company are: George E. Browning, president; N. G. Stringham, vice president; J. Grant Stringham, secretary and treasurer. These, together with Richard Stringham, Salt Lake; Andrew Andersen, Moroni; Levi Andersen, Mant, and H. Beaumman, Pleasant View, form the directorate.

Incident for a free sample of the Cuticura Preparations was pleased with the result. I bought more, and after using one cake of Soap and less than a box of Ointment I was healed." (Signed) Arthur Sharp, Box 394, Saltville, Ohio.

Once clear, keep your skin clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum to powder and perfume. Nothing better.

Sample Each Free by Mail. Address: Cuticura Laboratories, Dept. B, Malden, Mass. Sold everywhere. Ointment, 50¢; Soap, 10¢. Cuticura Soap always without mug.

Religion Classes to Hold Sessions Today

Religion class conferences will be held in the Harrisville and Tenth wards of the North Weber stake today. Members of the stake board and Superintendent Joseph Grua will attend both conferences.

The conference at Harrisville will be held in the afternoon at 2 o'clock and at 7 o'clock in the evening at the Tenth ward.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

* The oldtime mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. It is very popular, because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive. —Advertisement.

FREE TO Pile Sufferers

Don't Be Cut—Until You Try This New Home Cure That Anyone Can Use With Out Discomfort or Loss of Time. Simply Chew up a Pleasant Tasting Tablet Occasionally and Rid Yourself of Piles.

Let Me Prove This Free

My internal method for the treatment and permanent relief of piles is the correct one. Thousands upon thousands of grateful letters testify to this, and I want you to try this method at my expense.

No matter whether your case is of long standing or recent development, whether it is chronic or acute, whether it is occasional or permanent, you should send for this free trial treatment.

No matter where you live—no matter what your age or occupation—you are troubled with piles, my method will relieve you promptly.

I especially want to send it to those apparently hopeless cases where all forms of ointments, salves, and other local applications have failed.

I want you to realize that my method of treating piles is the one most dependable treatment.

This liberal offer of free treatment is too important for you to neglect a single day. Write now. Send no money. Simply mail the coupon—but do this now—TODAY.

CUTICURA SOAP ALWAYS WITHOUT MUG.

Mr. Arthur Sharp Tells How Cuticura Healed Pimples

"My trouble began with sort of an itching and burning sensation which bothered me. Then pimples began coming out on my face. Some were a mass of itching, burning pimples, which disfigured me greatly, and the discomfort was terrible. I scratched the pimples and irritated them more, and some nights I lost much sleep."

"I sent for a free sample of the Cuticura Preparations and was pleased with the result. I bought more, and after using one cake of Soap and less than a box of Ointment I was healed." (Signed) Arthur Sharp, Box 394, Saltville, Ohio.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

It's Easy To Put On Flesh

All you have to do if you are too thin and want to put on several pounds of solid "stay-there" flesh is to take a grain tablet of Blood-Iron Phosphate with each meal. This builds up the nervous system, enriches the blood and thus enforces the vital organs to assimilate the food of your food which now largely goes to waste. Folks who have tried it state they not only put on flesh but that it also almost invariably increases their strength and energy and endures for a long time.

Enough Blood-Iron Phosphate for a few weeks' treatment of McIntyre Drug Co. or any other drug store for only \$1.50 and it's so uniformly successful that you, if a man you know, is authorized to refund your money if you don't get better. Better get a package today and begin to get stronger and healthier, as well as better looking. —Advertisement.

Big Comedy Success, at the Orpheum Tonight

An actual scene from "BUSINESS BEFORE PLEASURE," at the Orpheum theater tonight. Ben Schaffer as Potash and Sam Golberg as Perikutter with Miss Lucille Elliott as "The Vampire."
